Promises

Written by Jeffrey Luckey, Emily Hamilton & David Moffitt

Verse 1
```
        C#m          B           A
```
Your promises light the land beneath my feet
```
              C#m  B        A
```
They keep me planted, rooted, deep
```
              C#m B            A
```
Where would I be without Your law
```
        C#m    B    A
```
I'd be lost

Verse 2
Your promises are the life within my breathe
They give me joy, give me peace, give me rest
You never leave me on my own
The truth won't let me go

   Chorus
```
                  E   B          C#m           A
```
Your word will stand, when all the world give way
```
                  E   B         C#m             A
```
Your word will stand, my rock, my hope and stay (after V3 straight to bridge)
```
                  C#m  B      A
```
Your word will stand

Verse 3
Your promises call to mind who I am
That I am saved, I am free, I am found
I am clean, I am covered by the lamb
Hallelujah, what can take me from Your hand

Bridge
```
C#m                        A

```

```
It will never change, You will never change
```
C#m                   A

E                B
```
It will never change, You will never change
```

```
It will never change
